The Guitar Scale Guitar Command Reference Series is the most comprehensive guide to scales for guitarists. This series of books provides guitarists of all levels with the knowledge and tools they need to master scales and improve their playing.

The series is divided into three volumes, each of which covers a different aspect of scales. Volume 1 covers the basics of scales, including how to build scales, how to play scales in different positions, and how to use scales in improvisation. Volume 2 covers more advanced scale techniques, such as arpeggios, sweep picking, and tapping. Volume 3 covers exotic scales, such as the pentatonic scale, the blues scale, and the diminished scale.

The Guitar Scale Guitar Command Reference Series is the perfect resource for guitarists who want to improve their playing and learn more about scales. The series is written in a clear and concise style, and it is packed with helpful examples and exercises.

## **Volume 1: The Basics of Scales**
